### **ABSTRACT SUBMISSION GUIDELINES (complete form on page 2)**

#### **FORMAT**

- For the abstract format, please see the abstract sample below.
- The length of the full abstract (including the title, authors, affiliation, references and funding) should not exceed 3000 characters (including spaces).
- Paragraph breaks between title, author & institute, abstract body, references and funding.
- Title in Title case.
- For Greek and Scientific Symbols use the Symbol option under the Insert tab in Microsoft Word (or equivalent option in other applications).
- Single spacing, one inch margins, left justified.
- To signify the Corresponding Author, use asterisk symbol\*
- Submission of the abstract signifies consent to publication of the abstract in the electronic version of the abstract book which is distributed to conference attendees and, on occasion to other interested persons. The electronic version of the abstract book will not be made publicly available through the symposium website.

#### **TOPICS**

When submitting your abstract you will need to select two of the topics below in which you would like to submit your abstract by order of preference (1 or 2).

- Virus-Host Interactions
- Pathogenesis
- Genetic Diversity and Evolution
- Immune Response to BVDV
- Vaccines and Vaccination Strategies
- Eradication and Control

#### **TYPE OF PRESENTATION**

The presentation preference can be either oral or poster. If your work is not accepted for an oral presentation your submission will automatically be considered for a poster presentation.

Title

Author(s) name(s) / Affiliation(s)

*Please enter with the presenting author first, followed by any co-authors and corresponding authors*

ABSTRACT (Please refer to page 1 for formatting guidelines)
