Ulukhaktok

ANIMAL ID

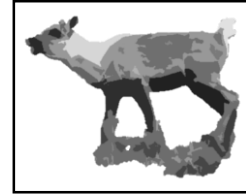

- 1) MARK WITH AN X WHERE YOU HARVESTED THE ANIMAL** Or write coordinates on the other sheet
- 2) MARK YOUR TRAVEL ON THE MAP (AS EXACTLY AS POSSIBLE)**
- 3) WRITE A "W" OR A "G" WHERE YOU SAW WOLVES AND GRIZZLIES (INDICATE HOW MANY YOU SAW)**
- 4) WRITE A "WT" OR A "GT" WHERE YOU SAW TRACKS OF WOLVES AND GRIZZLIES**

Calf

Yearling (1 year old)

Adult (2 years or more)

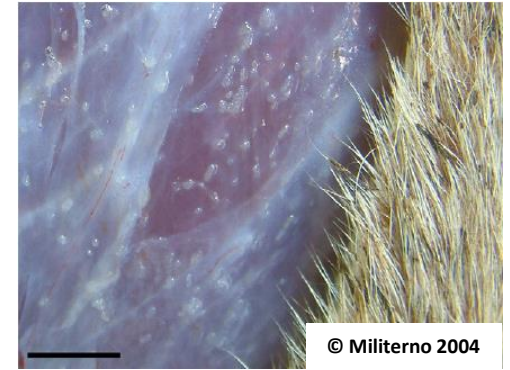

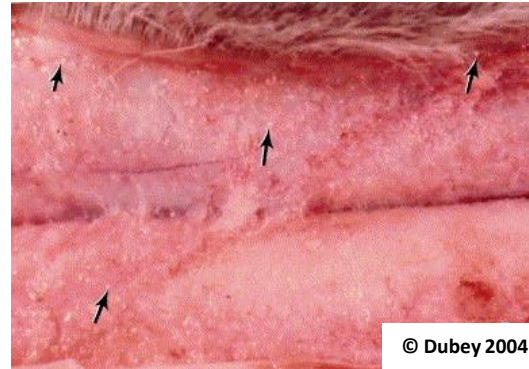

What age was your caribou?

Signs of besnoitiosis (sand paper disease)

When skinning the lower legs, did you notice clear to white very small round lumps (like grains of corn meal) embedded in tissues (directly under the skin or on bones)?

Lumps are hard and feel like a slight roughness (sand paper) over the bone and skin.

No Yes

Additional comments: _____

Hoof abnormalities

Did you notice anything weird on the hooves of the animal?

No

Yes, please describe: _____
